REQUEST TO CORRECT FILING RECEIPT

Office of Initial Patent Examinations
Customer Service Center
Washington, D.C. 20231

Sir:

Per a November 4, 2002 telephone conversation with your department and your department's instructions provided on same date during that telephone conversation, Applicants of the above-identified application submit a copy of the application transmittal sheet and a redlined copy of the filing receipt with changes indicated.

On December 4, 2001, Applicants filed the above-identified application and in that filing indicated the priority data claimed as follows:

"This is a divisional of application no. 09/343,532, filed June 30, 1999."

That application claims the benefit of application no. 60/092,024 filed 07/06/1998.

Somehow, possibly due to a clerical error in the U.S. Patent and Trademark Office but not due to actions by Applicants or Applicants' representatives, the priority data was errantly listed as:

"THIS APPLICATION IS A DIV OF 09/561,744 04/28/2000 PAT 6,348,239
WHICH IS A DIV OF 09/343,532 06/30/1999
WHICH CLAIMS BENEFIT OF 60/092,024 07/06/1998"

This priority data includes an additional reference to unrelated application no. 09/561,774, now U.S. Patent No. 6,348,239.

On November 4, 2002, Applicants' representative called your office and detailed the error. Your office instructed Applicants' representative to send in a copy of the document that contains the requested correct priority data (attached herewith as Exhibit A) along with a marked up copy of the filing receipt showing changes (attached herewith as Exhibit B). Your office indicated that such documents, along with this explanatory letter, should be sent to the above-listed address so that the error could be corrected.

Accordingly, enclosed herewith are the requested documents and Applicants request that a corrected filing receipt be sent to Applicants' representative in due time. For your convenience, that address is as follows:

James S. McDonald
Pennie & Edmonds LLP
3300 Hillview Ave.
Palo Alto, CA 94304

Should your office have any questions regarding this matter, please call James S. McDonald at 650-849-7631.

No fee is believed due to correct the filing receipt error because it is an error from the U.S. PTO. Should any fees be required, however, please charge such fees to Pennie & Edmonds LLP Deposit Account No. 16-1150.

Respectfully submitted,

Date March 24, 2003

Receipt is acknowledged of this nonprovisional Patent Application. It will be considered in its order and you will be notified as to the results of the examination. Be sure to provide the U.S. APPLICATION NUMBER, FILING DATE, NAME OF APPLICANT, and TITLE OF INVENTION when inquiring about this application. Fees transmitted by check or draft are subject to collection. Please verify the accuracy of the data presented on this receipt. If an error is noted on this Filing Receipt, please write to the Office of Initial Patent Examination's Customer Service Center. Please provide a copy of this Filing Receipt with the changes noted thereon. If you received a "Notice to File Missing Parts" for this application, please submit any corrections to this Filing Receipt with your reply to the Notice. When the USPTO processes the reply to the Notice, the USPTO will generate another Filing Receipt incorporating the requested corrections (if appropriate).

**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
